Delivery Release Form

DATE: _____

This is to certify that _____ (your company name) authorizes U.S. Salt and its carriers to deliver and leave an ordered product at our delivery location without our signature on a delivery ticket when we are unable to have our representative meet the driver.

We further agree to the following:

1. U.S. Salt's carriers will make every effort to leave the load in the location on our site as we have previously specified. However, without our representative present, U.S. Salt's driver will make the final decision. U.S. Salt will not be responsible if the load is not where we want it on our site.
2. We agree to hold U.S. Salt harmless for any lost or missing product.
3. We agree to the tonnage printed on the invoice for loads delivered. Upon request, U.S. Salt will fax or mail a copy of the delivery ticket with the invoice.
4. We understand that COD loads require our representative to meet the driver with a check.

This release form shall be in effect until we notify U.S. Salt, in writing, otherwise.
